I really enjoyed Dr Sarah's demeanor —she took the time to make sure all my questions were answered, she was quick but thorough with the exam, and I felt comfortable with her. I've been looking for an ObGyn for a while now and happy I finally found one Im happy with!

—Emily S.

Online Patient Access

Our secure patient portal, Weill Cornell CONNECT, gives you access to view the following within your medical records:

- Medications
- Immunizations
- Test Results

Download the MyChart app in iTunes or the Google Play store to get started or create an account at www.weillcornell.org.

With Weill Cornell CONNECT you can:

-  Send messages to your physician's practice or directly to your MD
-  Request refills and referrals
-  Schedule an appointment
-  Pay your bills online
-  Read in-depth medical advice and information by searching any health topic of interest
